

# OVIEDO LUCAS

 Full Stack Engineer

27 years old

## ABOUT ME

Starting a company allowed me to lead three strategic projects that strengthened the company's technological identity and value proposition. I coordinated multidisciplinary teams, ensuring quality, alignment with objectives, and significant commercial impact.

## TECH SKILLS

- JavaScript (ES6+), React, Vite
- HTML5, CSS3 (variables, responsive design)
- Node.js, REST APIs, integrations
- MongoDB and complex aggregations
- Version control with Git/GitHub

## SOFT SKILLS

- Clear communication
- Problem-solving
- Project management
- Adaptability
- Teamwork
